About Us.

Introduction

Founded in 2002, we have emerged as a global leader in delivering cutting-edge software solutions. Operating from our headquarters in Dubai, UAE, under Atlanta Computer Software Trading LLC, we offer state-of-the-art products like atACC ERP and Accolyst ERP, tailored to streamline operations for businesses worldwide. With over two decades of industry expertise, we specialize in empowering organizations with reliable, efficient, and innovative ERP systems. Proudly, our software is currently being promoted in 30 countries, reflecting our commitment to driving global business success through excellence and innovation.

Our Philosophy

Our Dubai office spearheads operations, driving innovation and customer satisfaction. Our global expansion has been fueled by a commitment to multilingual capabilities and robust technical support. By leveraging state-of-the-art technologies, we ensure solutions tailored to diverse industries.

Vision for the Future

We aspire to be a leading global brand in ERP and business management solutions. Our goal is to enhance our product offerings while maintaining exceptional service and customer support, ensuring businesses thrive in a competitive environment.
